SPONSORS LIST AND
THEIR AWARDS

The Editor Says:

By Scott McTavish

(smctavis@cadvision.com)

One week until our 8th contest. Calls from all over Western Canada and the United States have been coming in from those going to attend. Several are being put up by some of our members. Thanks to those for showing off our hospitality!

Friday night will again be open for table setup and early registration. If the membership could plan to have their stuff on the tables that night, it would greatly help out the work load for the morning.

I would like to offer thanks to all our sponsors and supporting companies. Your participation has helped us to organize and I'm sure to host another successful show.

See you all at the show!

Membership Guy Says:

By Jon Baniak

jonbaniak@shaw.ca

Just a little reminder from the Membership guy on the 2002 renewals. Remember that renewals were last month. **Membership is still a bargain at \$20**

Since the Club is one that promotes the building of kits, and is not one of just expert opinions and discussions, the lapsed Loonie Rule was put back into effect. The grace period is over. Remember to bring a kit and work on it. Let's keep in mind that this is a hobby, and keep it fun for everyone. Keep on Building.
